SONIXs MC-6

STANDARD FEATURES

- Ultrasonic sealing system with electronic self-calibration
- High-end Standard 6 sealing unit
- Easy accessibility and tool-free disassembly of strap way components
- Optimization of the strapping processes by machine adaptation to defined package dimensions
- Tool-free disassembly of the table plate
- Open design without protective coverings
– CE marking inclusive conformity declaration
- Fast, uncomplicated software update via internet possible
- Low energy consumption
- 4 castors, 2 with brakes
- Flexible foot switch for manual strap release

OPTIONS

- Pneumatic hold-down device
- Rollers in the table plate
- Automatic adjustment of the strap tension by package height detection
- Automatic strapping release via light sensor
- Low strap detection with signal in control panel
- Traffic light warning system including low strap indication
- Special coating according to RAL scale

TECHNICAL DATA

PERFORMANCE:

Up to 46 cycles per minute (1000 x 600 mm)

FRAME SIZES:

1000 mm x 600 mm
1250 mm x 600 mm
1650 mm x 600 mm
2200 mm x 600 mm
2600 mm x 600 mm

STRAPS:

Standard machine grade: 5, 6, 8, 9, 10 or 12 mm wide PP straps,

STRAP COIL DISPENSER:

Core diameter: 200 mm
Core width: 190 mm

ELECTRICITY:

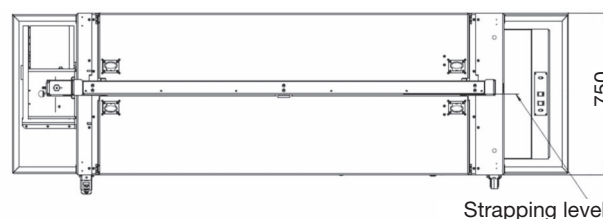

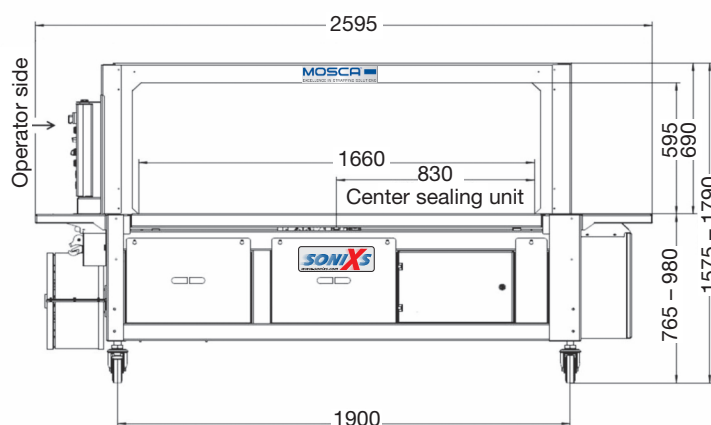

Network data: 100 – 240 V, 50/60 Hz,
1 PH* Schukoplug

Power consumption: approx. 0.25 kW

* Country-specific adaption possible

WEIGHT:

450 – 630 kg

Layout SoniXs MC-6 / 1650 x 600 mm

01 / 16 Subject to Alterations
